ABOUT US

CMACH International is a limited liability Consulting Company established in Tokyo; it is the representative agent of Camorim Limited of Brazil. Our collaboration has been in place since 2012, during this period we have developed business relations with many Asian Shipping Companies .

Founded in 1995, the Camorim Group has four operating divisions, more than 800 employees and a fleet that exceeds 150 vessels, including tugboats, barges, speed-boats, LHs, PSVs and AHTs.

With 24 years of experience, specialized professionals and a powerful and highly maneuverable fleet, Camorim currently has a wide range of clients across the globe.

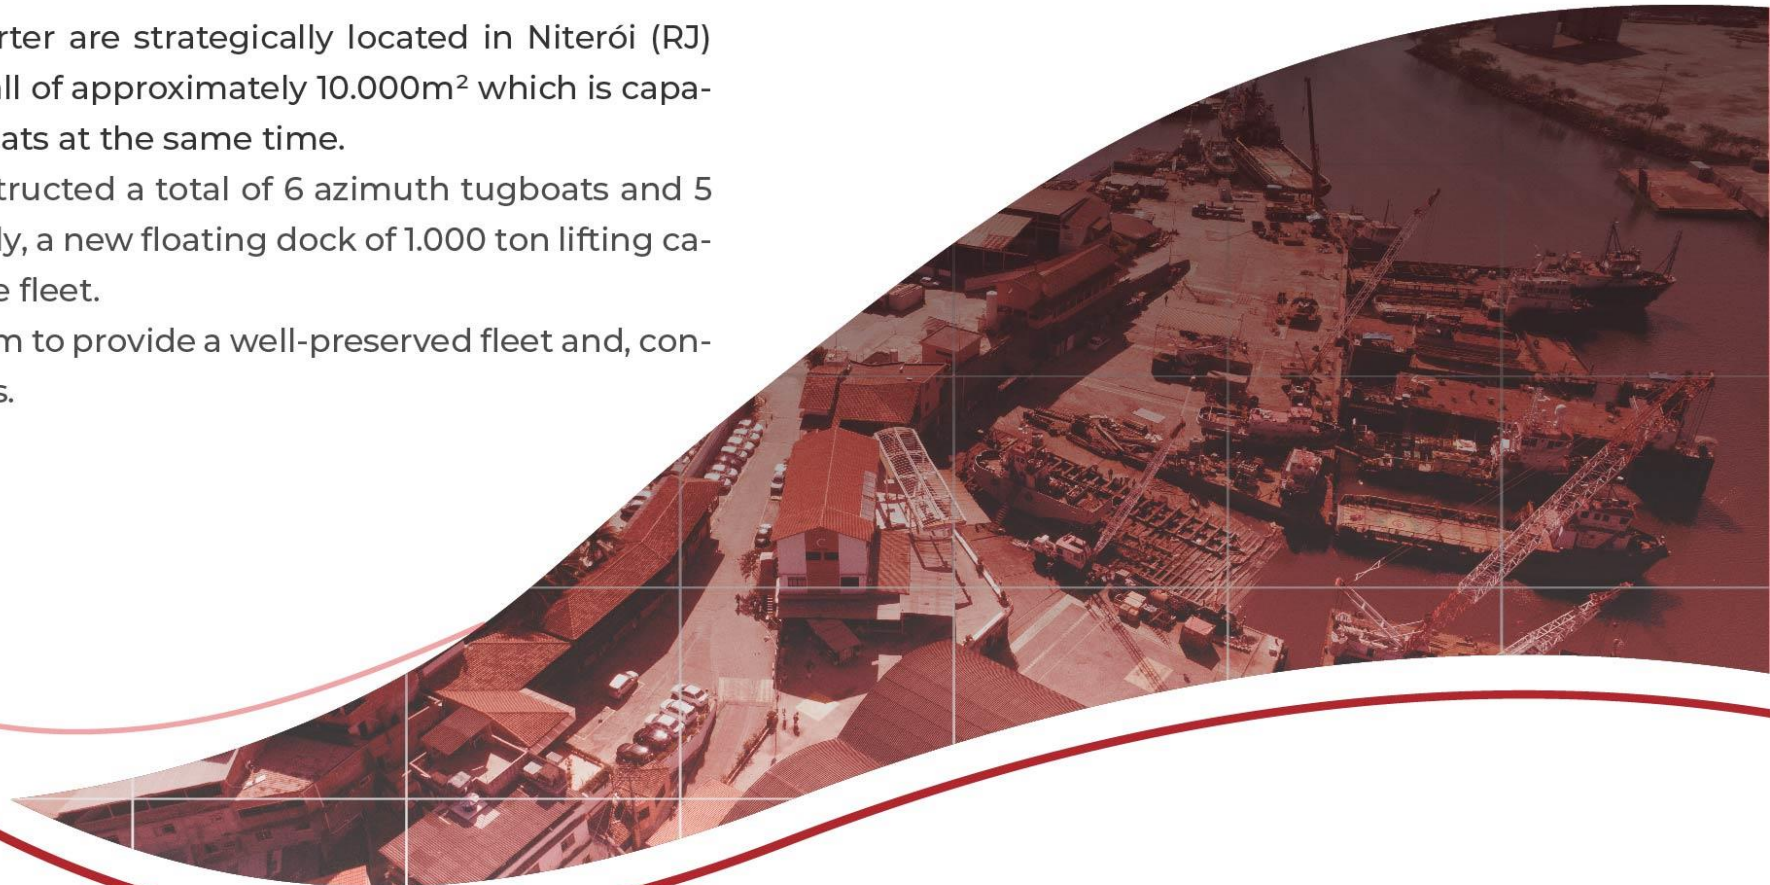

OUR HEADQUARTER

COMPLETE STRUCTURE

Our 25.839m² shipyard and head-quarter are strategically located in Niterói (RJ) and includes a clear height construction hall of approximately 10.000m² which is capable to construct and maintain until 5 tugboats at the same time.

In only 2 years, the company has constructed a total of 6 azimuth tugboats and 5 line handling vessels in the area. Additionally, a new floating dock of 1.000 ton lifting capacity also assists in the conservation of the fleet.

This complete structure allows Camorim to provide a well-preserved fleet and, consequently an efficient service for our clients.
